Welcome

Welcome to the 2025 Woonallee Tamworth Sale. This sale is now in its 5th year and has developed into our feature Spring sale providing a great option for our Northern clients to secure a bull closer to home.

Unfortunately, the dry conditions in Southern Australia have continued into 2025 with the driest start in South Australia since 1839. Although terribly tough to go through, it has reiterated our breeding philosophy of breeding easy doing cattle with softness and above average fat cover, and these cattle are the ones that are still thriving, producing heavy weaning weights and getting back in calf. Preg testing is always the best indication of fertility and doing ability and it was extremely pleasing to have over 92% of our Autumn cows in calf in a 6-week joining period.

This draft of bulls for Tamworth is one we are extremely proud of. The conditions were not easy and their genetics have shone through and they have flourished since being at Allora. As always, the draft consists of two age groups, 22-month-old bulls and 16 / 17-month-old bulls that are both made up of Black Simmental and Sim Angus.

As we have searched the world for new genetics, we have been mindful not to forget what we have been producing ourselves. It has been pleasing to see these homebred sires consistently produce some of higher priced bulls over the past 2 years. This catalogue typifies this scenario with a tremendous mix of the new up and coming sires such as KBHR Global, KBHR Honor and Brown RRR Emblem as

Tom and Lizzy Baker

well as the home bred sires Woonallee Show Stopper and Woonallee Nobel Prize Q368.

Once again the bulls have been DNA tested, Sire verified, BVDV tested negative, treated with 3 germ blood and vaccinated for 3-day sickness. These bulls have again been prepared at Steve Hayward and Kellie Smiths property at Allora and if you require pre-sale inspection please feel free to contact us.

Thank you again for your support and we wish you the very best with your purchases.

Sale Information

HEALTH

This draft of Woonallee Bulls have a J-Bas score of 6 and are eligible to all states Australia wide. Bulls have been fully vaccinated with 7in1, Pesti guard, 3 day sickness, 3 germ blood and vibrio. All bulls have been tested negative for Pesti virus. Semen testing has been conducted by Rosewood Vet Services and all bulls offered for sale have passed a semen test.

DNA, COLOUR AND POLLED TESTING

All bulls have been tested for colour and polled status with the results indicated in the catalogue. They have also been 100K DNA tested and sire verified.

DELIVERY

Woonallee and Elders will organise delivery of the bulls at the conclusion of the sale. Please fill in the buyers slip with clear directions and contact phone number. Woonallee will deliver free of charge within NSW and to Roma, QLD.

TRANSFERS

All animals are registered with the Australian Simmental Breeders Association and are eligible for transfer. Please indicate on the buyer's instruction sheet if you would like your purchases to be transferred.

BUYERS REGISTRATION

Buyers are requested to register with the selling agent prior to commencement of the sale and to display their registration number at the fall of the hammer. This sale will also be interfaced with Auctions Plus. Please see information on page 6 of this catalogue to register.

INSPECTION AND SALE TIME

Sale bulls will be yarded and available for inspection from 10am on sale day Thursday 14th August. Selling to commence at 1pm sharp. Supplementary sheets will be available on sale day. For pre-sale inspections please contact Tom Wilding-Davies 0429 570 504 or Steve Hayward 0419 642 992. All times quoted are Australian Eastern Standard Time.

GST

All lots are sold exclusive of GST.

PHONE BIDDING

Please contact the selling agent to arrange phone bidding. Lincoln McKinlay 0400 552 458.

REBATES

A rebate of 3% is available to outside agents who attend the sale with or on behalf of their clients.

INSURANCE

Woonallee recommends insuring all purchases at the fall of the hammer. An insurance representative will be available on sale day to help with this.

GUARANTEE

All cattle sold at Woonallee come with a two year structure and fertility guarantee. In the rare case a bull is found to be infertile or incapable of natural service, Woonallee will refund or replace the bull provided the problem is not caused by injury or disease incurred after taking delivery. A veterinary certificate will be required.

HANDLING

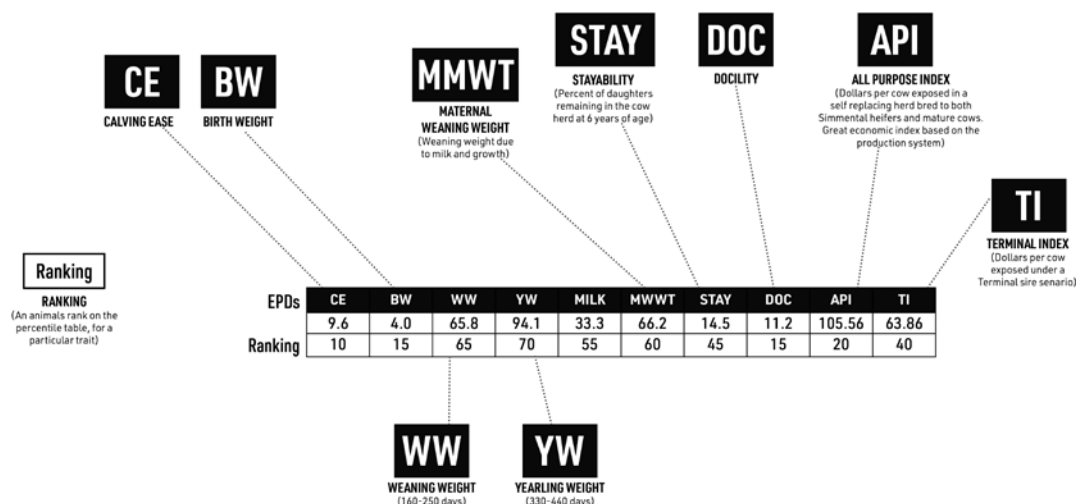

Bulls have been handled on foot, with utes, ATVs and dogs. They haven't seen horses, motorbikes or helicopters!

For the very best in Simmental,
whatever the requirement

EPD Information

IGS is the world's largest animal performance recording system. One of the major changes is the breeding figures being reported as Estimate Progeny Differences (EPDs), rather than Estimated Breeding Values (EBVs). The difference between the two is simple.

Effectively, an EBV is an animal's own genetic value for a particular trait. However, the animal can only pass half of this onto their progeny. EPDs have the "half" already accounted for. That is, an EPD is the genetic merit of an animal's progeny – what they will pass onto their progeny. IGS can incorporate an animal's genomics into its performance data. All animals in the Woonallee Tamworth sale have been 100K GGP-LD DNA profiled.

Simmental - Traditional, Fullblood and Simbrah Register Breed Average

	CED	BW	WW	YW	MILK	MCE	MMWT	STAY	DOC	CW	REA	FAT	MARB	YG	API	TI

Polled and Coat Color Information:

PP - Homo Polled - the bull carries two copies of the polled gene

Homo Polled Homo Polled 100% Polled
Hetero Polled 100% Polled
Horned 100% Polled

Pp - Hetero Polled - the bull carries one polled gene and one horned gene

Hetero Polled Homo Polled 100% Polled
Hetero Polled 75% Polled, 25% Horned
Horned 50% Polled, 50% Horned

Homo Black - the bull carries two copies of the black gene

Homo Black Homo Black 100% Black

Hetero Black 100% Black
Red 100% Black

Hetero Black - the bull is black in color, but carries one black gene and one red gene. Black is dominant to red, so the red color is not expressed when it is paired with a black gene.

Hetero Black Homo Black 100% Black
Hetero Black 75% Black, 25% Red
Red 50% Black, 50% Red

Red - the bull carries two copies of the red gene. This example assumes the bull is diluter free.

Red Homo Black 100% Black
Hetero Black 75% Black, 25% Red
Red 100% Red

Steps To Register

Using your chosen device visit www.stocklive.com.au.

Click **BID** located next to the sale you wish to participate in.

New Users

To create an account click **REGISTER**. Fill in your details, then click **CREATE BIDDER REGISTRATION**.

You will receive an email prompting you to confirm your account, create a password, accept Bidder Account T&C's & Privacy Policy.

Congratulations! Your StockLive account has been created.

Existing Users

LOGIN and find the sale you wish to bid on, click **Request to bid** & **Accept terms to bid**.

On Sale Day

Visit www.stocklive.com.au, when the sale is flashing **LIVE**, click **BID** to watch, listen & purchase.

Invoicing and delivery will be carried out as per your registration & account details by the respective selling agents.
